Locate

How It Works

1. Lookup missing assets from xecan Internet Portal.
2. Select the missing items using checkboxes and hit locate button.
3. Use xecan handheld RFID reader to locate.
4. The Handheld beeps once the missing assets found.

xecan's low-cost asset tracking and additional RFID infrastructure solutions are now available for demonstration and purchase. A demo video can be viewed at www.xecan.com. For additional information or to request an on-site demonstration/evaluation, please call us at **617-686-9953** or email info@myRFIDspace.com.
